

Baltimore Area Ultra Runner List

The purpose of the Baltimore Area Ultra Runner (BAUR) List is to identify those individuals in the Baltimore Running Community that have completed running events greater than the traditional marathon distance (26.2 miles) and highlight their accomplishments. The BAUR list is similar to a document compiled by the RASAC Running Club in Harford County, Maryland that focuses on members of their club. It is hoped that this list will identify those pioneers of distance running in the Baltimore Area and encourage others to participate in our sport.

Criteria for inclusion into the Baltimore Area Ultra Runner List:

1. You must have finished at least 1 ultra race. This may be any organized distance event greater than 26.2 miles in length.
2. Training runs do not count.
3. You must finish the race. You cannot dropout of a race and still have it count toward the list.
4. Time and place in the running events are not considered.
5. Ranking is by total mileage completed.
6. Eligibility is not limited to Baltimore Road Runners Club members and BRRRC membership is not required.

If you wish to be included in the Baltimore Area Ultra Runner List or have questions, contact Tom Nasuta @ tnasuta@gmail.com . Please provide the Name, Date and Distance of the events that you have completed.
